Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: The claim amendments submitted after Final rejection on 6 July 2010 indicated an amendment in line 4 of claim 10: "tissue absorbing material made of hyaluronic acid." This amendment was refused entry in the Advisory action mailed 4 August 2010 because a new search would have had to have been conducted for this limitation. However, Applicant's claim set dated 7 September 2010, submitted with the Request for Continued Examination indicates this limitation is not new. This is incorrect. Had the amendment been entered after Final rejection, the limitation "tissue absorbing material made of hyaluronic acid," would not be new, but since it was not entered at that time, this phrase should be indicated as new by underlining the text in the claims.
